

TROUT/PANFISH

Freshwater Tapered Leader

LENGTH: 9'/2.74m

APPLICATIONS:

- Now available with System™ L2L Line-to-Leader Connectors (6X-3X)
- Also available with pretied-loop ends
- Ideal for most situations
- Excels in windy condition
- Low visibility

QUALITIES:

- Convenient pretied loops
- Optimum knot strength wet or dry
- High strength-to-diameter ratio
- High abrasion resistance
- Lower memory reduces coiling

LEADER CHARACTERISTICS:

- Long butt section improves turnover and delivery of trout and panfish flies

MATERIAL:

- Nylon polymer blend for balanced properties and easy straightening

COLOR: ■ Clear

TROUT/PANFISH (9.0'/2.74m)			
Size	Tippet Diameter	Butt Diameter	Average Break Strength
6X	0.005"	0.020"	3.3 lb
