

# Fly Tying Tutorial

*Let's get started*

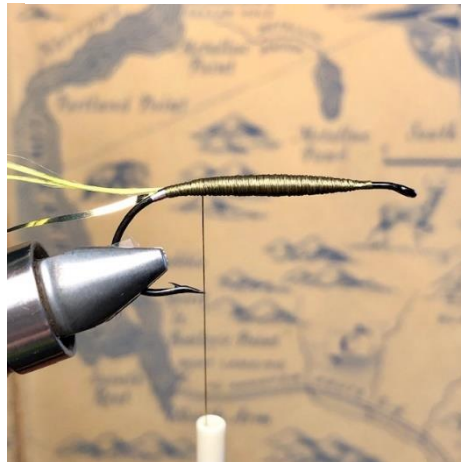

*Start the thread and wrap rearward 1*

*Build an oval shaped body*

*Burnish the thread body until smooth*

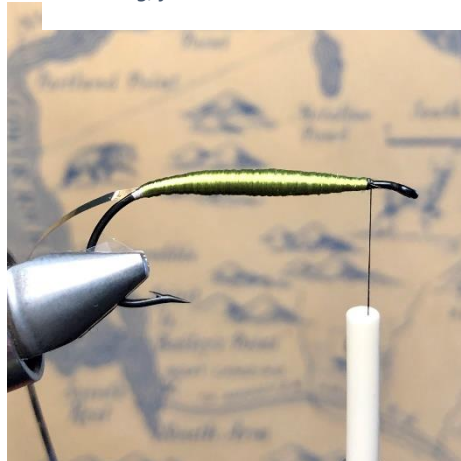

*Tie in a tag, floss and tinsel*

*Advance the thread to the head*

*Wrap the floss forward*

*Secure the floss with three thread wraps*

*Five turns of ribbing 1*

*Trim matching wings*

*Flatten stems then tie in wings*

*Tie in peacock herl beyond bend*

*Select grouse or brown hackle feather*

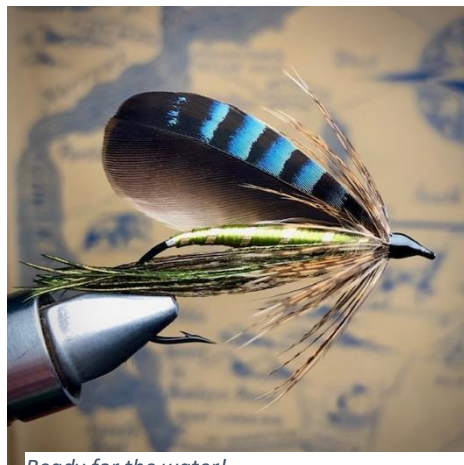

*Prepare feather and tie in collar style*

*Build a thread head then whip finish*

*Apply several coats of lacquer*

*Ready for the water!*
